PREFATORY NOTES CONCERNING THE OFFICIAL REGISTER OF 1884.

There are embraced in this—the third edition of the Official Register of Physicians and Midwives in Illinois, revised up to December 1, 1884—the names, postoffice addresses, and other data necessary for the purposes of identification, of 5,585 physicians to whom certificates have been issued by the State Board of Health under the act to regulate the practice of medicine, approved May 29, 1877; and who comprise the great majority of those now engaged in practice in this State. To this number are to be added some 300 practitioners, who are exempt from the provisions of the law by reason of having practiced ten years in the State prior to July 1, 1877. So that the total number engaged in the practice of medicine in Illinois, at the close of 1884, is 5,885 of all classes.*

Of the 5,585 certificated practitioners there are 4,780 who hold certificates from the State Board of Health, based upon "satisfactory proof of having received diplomas or licenses from legally-chartered medical institutions in good standing;" 102 others are practicing under the certificates of the Board issued after satisfactory examination; and the remaining 703 are non-graduates who have taken out certificates based on years of practice, although not required so to do by the law.

A number of the 4,780 certificated graduates are also exempt by reason of length of practice before the passage of the act, but have obtained certificates from the Board for the purpose of establishing their professional status. In the first Register published by the Board, June 14, 1880, there were the names of 5,979 physicians, and in the second, published December 20, 1881, there were 5,887—the number of those engaged in medical practice during the last four years showing on the whole, a slight absolute reduction, notwithstanding the increase of population. For purposes of comparison the following totals, from each of the three Registers, are here presented:

---

*Those exempt from the Medical-Practice Act, on account of length of practice, are, nevertheless, required by the State Board of Health Act to register their names and postoffice addresses in the office of the county clerk of their respective counties; and it is from the returns from these offices that the number of non-certificated physicians above given (300) has been obtained.

	June 14, 1880.	Dec. 20, 1881.	Dec. 1, 1884.
Total number engaged in practice	5978	5987	5885
Graduates and licentiates of medical institutions	4282	4488	4780
Licentiates upon examination, State Board of Health	191	183	102
Exempt non-graduates, certificated	948	896	703
Exempts, non-certificated	558	420	300

From the above tabular statement it will be seen that, while the aggregate number of practitioners has not materially varied, there are some notable changes in the numbers of the different classes. Thus, there has been a gain of 498 graduates and licentiates of medical institutions—these now forming over 80 per cent. of the total number, as against about 70 per cent. in 1880; the number of licentiates upon examination of the State Board has been diminished nearly one-half—mainly by their transfer to the number of graduates, very many of them having, subsequent to their examination, attended lectures and obtained diplomas. Both classes of exempts show heavy losses, due mainly to death, graduation, abandonment of practice and removal from the State.

The following summary, from the first Register, and corresponding figures from the present volume, exhibit these changes for the whole period since the Medical-Practice Act went into operation :

	July 1, 1877.	Dec. 1, 1884.
Total number engaged in practice	7400	5885
Graduates and licentiates	3600	5032
Non-graduates	3800	853

Percentage of graduates and licentiates in 1877	48.
Percentage of graduates and licentiates in 1884	85.
Percentage of non-graduates in 1877	52.
Percentage of non-graduates in 1884	15.

The numbers for 1877, above given, are approximated from the returns of county clerks to the State Board, from applications, and from correspondence on file in the office of the Board, and represent, with substantial correctness, the actual numbers of those claiming at that date to be engaged in the practice of medicine and surgery proper, exclusive of midwives. The number of graduates and licentiates in 1884, above given, includes 102 licentiates upon examination of the Board, and 150 non-certificated exempts. Among the graduates and licentiates there are also 421 who are licensed as pharmacists.

During the seven years of its existence, or up to December 1, 1884, the BOARD has issued 8,091 certificates to physicians—

To graduates and licentiates of medical institutions	6,745
To exempts, on years of practice	1,127
To licentiates upon examination, STATE BOARD OF HEALTH	219

Diplomas or licenses have been presented by those now in practice in the State, from 138 medical colleges and licensing bodies in the United States; from 10 in Canada; 14 in Great Britain; 34 in Europe; and 1 each in Africa and South America—making a total of 198 different graduating or licensing bodies represented. The subjoined list shows the number of representatives of these various bodies:

SINCE the close of the session of 1883, at which time the Schedule of Minimum Requirements took effect, the diplomas of 21 colleges in eight different States have been accepted only after an examination, of those presenting them, in the branches or subjects of the Schedule omitted by the respective colleges.

The text of the Schedule of Minimum Requirements entitling a college to be held in "good standing," the Medical-Practice and State Board of Health acts, and other matters Concerning Practitioners and the Mode of Procedure under the Medical-Practice Act, will be found in the preliminary section, entitled *Medical Practice in Illinois*.

ADDITIONS, changes and corrections, made while the REGISTER was going through the press, will be found in the *Addenda*, beginning on page 277. These are fully indexed; therefore, in consulting the REGISTER reference should be made to the *Alphabetical Index of Names*, beginning on page 285.

INFORMATION of further changes and other corrections should be promptly furnished the Secretary by those interested, for the revision of the future REGISTER.

MEDICAL PRACTICE IN ILLINOIS.

THE ILLINOIS MEDICAL PRACTICE ACT.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE IN THE STATE OF ILLINOIS. Approved May 29, 1877. In force July 1, 1877.

ADMISSION TO PRACTICE MEDICINE: SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That every person practicing medicine, in any of its departments, shall possess the qualifications required by this act. If a graduate in medicine he shall present his diploma to the STATE BOARD OF HEALTH * * * for verification as to its genuineness. If the diploma is found genuine, and if the person named therein be the person claiming and presenting the same, the STATE BOARD OF HEALTH * * * shall issue its certificate to that effect, signed by all of the members thereof, and such diploma and certificate shall be conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate the person practicing medicine in this State shall present himself before said BOARD, and submit himself to such examinations as the said BOARD shall require; and, if the examination be satisfactory to the examiners, the said BOARD shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

SEC. 2. [This section is omitted as void, by reason of the passage, at the same session, of the act establishing a STATE BOARD OF HEALTH, which see following. The section refers to the mode of providing boards of examiners in the absence of such STATE BOARD. The omissions indicated by asterisks in section 1, and in the remaining sections, also have reference to this provision for other boards.]

ORGANIZATION, DUTIES AND POWER OF STATE BOARD: SEC. 3. The STATE BOARD OF HEALTH * * * shall organize within three months after the passage of this act; they shall procure a seal, and shall receive through their Secretary applications for certificates and examinations; the President * * * shall have authority to administer oaths, and the BOARD to take testimony in all matters relating to their duties; they shall issue certificates to all who furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing; they shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the BOARD; they shall furnish to the county clerks of the several counties a list of all persons receiving certificates. In selecting places to hold their meetings they shall, as far as is reasonable, accommodate applicants residing in different sections of the State, and due notice shall be published of all their meetings. Certificates shall be signed by all the members of the BOARD granting them, * * *

VERIFICATION OF DIPLOMAS; FEE AND PENALTY: Sec. 4. Said STATE BOARD OF HEALTH * * * shall examine diplomas as to their genuineness, and if the diploma shall be found genuine as represented, the Secretary of the STATE BOARD OF HEALTH * * * shall receive a fee of one dollar from such graduate or licentiate, and no further charge shall be made to the applicants; but if it be found to be fraudulent, or not lawfully owned by the possessor, the BOARD shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma. The verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits as provided in this act, by letter or by proxy, and the STATE BOARD OF HEALTH * * * shall issue its certificate the same as though the owner of the diploma was present.

EXAMINATION OF NON-GRADUATES: Sec. 5. All examinations of persons not graduates or licentiates shall be made directly by the BOARD, and the certificates given by the BOARD shall authorize the possessor to practice medicine and surgery in the State of Illinois.

CERTIFICATES MUST BE RECORDED: Sec. 6. Every person holding a certificate from the STATE BOARD OF HEALTH * * * shall have it recorded in the office of the clerk of the county in which he resides, and the record shall be endorsed thereon. Any person removing to another county to practice, shall procure an endorsement to that effect on the certificate from the county clerk, and shall record the certificate, in like manner, in the county to which he removes, and the holder of the certificate shall pay to the county clerk the usual fees for making the record.

RECORD BOOK TO BE KEPT BY COUNTY CLERK: Sec. 7. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue. * * * If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it, and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

FEE FOR EXAMINING NON-GRADUATES: Sec. 8. Candidates for examination shall pay a fee of five dollars, in advance, which shall be returned to them if a certificate be refused. The fees received by the BOARD shall be paid into the treasury. * * *

CHARACTER OF EXAMINATION: Sec. 9. Examinations may be in whole or in part in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

CERTIFICATES MAY BE REFUSED OR REVOKED: Sec. 10. The STATE BOARD OF HEALTH * * * may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes. In all cases of refusal or revocation, the applicant may appeal to the body appointing the BOARD.

Definition of "practicing medicine": Sec. 11. Any person shall be regarded as practicing medicine within the meaning of this act, who shall profess publicly to be a physician, and to prescribe for the sick, or who shall append to his name the letters of "M. D." But nothing in this act shall be construed to prohibit students from prescribing under the supervision of preceptors, or to prohibit gratuitous services in cases of emergency. And this act shall not apply to commissioned surgeons in the United States army and navy.

License to itinerant venders: Sec. 12. Any itinerant vender of any drug, nostrum, ointment or appliance of any kind, intended for the treatment of disease or injury, or who shall by writing or printing, or any other method, publicly profess to cure or treat diseases, injury or deformity by any drug, nostrum, manipulation or other expedient, shall pay a license of one hundred dollars a month, to be collected in the usual way.

Penalties for non-compliance with this act: Sec. 13. Any person practicing medicine or surgery in this State without complying with the provisions of this act, shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, nor more than three hundred and sixty-five days, or by both such fine and imprisonment, for each and every offense; and any person filing, or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery, but the penalties shall not be enforced till on and after the thirty-first day of December, eighteen hundred and seventy-seven: *Provided*, that the provisions of this act shall not apply to those that have been practicing medicine ten years within this State.

THE STATE BOARD OF HEALTH ACT.

AN ACT TO CREATE AND ESTABLISH A STATE BOARD OF HEALTH IN THE STATE OF ILLINOIS. Approved May 28, 1877; in force July 1, 1877.

APPOINTMENT OF MEMBERS; TERM OF OFFICE; VACANCIES: SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly*, That the Governor, with the advice and consent of the Senate, shall appoint seven persons, who shall constitute the BOARD OF HEALTH. The persons so appointed shall hold their offices for seven years: *Provided*, that the terms of office of the seven first appointed shall be so arranged that the term of one shall expire on the thirtieth day of December of each year, and the vacancies so created, as well as all vacancies occurring otherwise, shall be filled by the Governor, with the advice and consent of the Senate: *And provided, also*, that appointments made when the Senate is not in session moy be confirmed at its next ensuing session.

POWERS AND AUTHORITY OF THE BOARD: Sec. 2. The STATE BOARD OF HEALTH shall have the general supervision of the interests of the health and life of the citizens of the State. They shall have charge of all matters pertaining to quarantine; and shall have authority to make such rules and regulations, and such sanitary investigations, as they may from time to time deem necessary for the preservation or improvement of public health; and it shall be the duty of all police officers, sheriffs, constables, and all other officers and employès of the State, to enforce such rules and regulations, so far as the efficiency and success of the BOARD may depend upon their official co-operation.

REGISTRATION OF BIRTHS AND DEATHS: Sec. 3. The BOARD OF HEALTH shall have supervision of the State system of registration of births and deaths as hereinafter provided; they shall make up such forms and recommend such legislation as shall be deemed necessary for the thorough registration of vital and mortuary statistics throughout the State. The Secretary of the BOARD shall be the superintendent of such registration. The clerical duties and the safe-keeping of the bureau of vital statistics thus created shall be provided by the Secretary of State.

PHYSICIANS AND ACCOUCHERS TO REGISTER AND REPORT: Sec. 4. It shall be the duty of all physicians and accouchers in this State to register their names and postoffice address with the county clerk of the county where they reside; and said physicians and accoucheurs shall be required, under penalty of ten dollars, to be recovered in any court of competent jurisdiction in the State, at suit of the county clerk, to report to the county clerk, within thirty days from

date of their occurrence, all births and deaths which may come under their supervision, with a certificate of the cause of death, and such correlative facts as the BOARD may require, in the blank forms furnished as hereinafter provided.

REPORT OF BIRTH OR DEATH IN ABSENCE OF PHYSICIAN OR ACCOUCHEUR: Sec. 5. Where any birth or death shall take place, no physician or accoucheur being in attendance, the same shall be reported to the county clerk within thirty days from date of [its] occurrence, with the supposed cause of death, by the parent, or if none, by the nearest of kin, not a minor, of if none, by the resident householder where the death shall occur, under penalty as provided in the preceding section of this act.

CORONERS TO REPORT DEATHS: Sec. 6. The coroners of the several counties shall be required to report to the county clerk all cases of death which may come under their supervision, with the cause and mode of death, etc., as per forms furnished, under penalty as provided in section four (4) of this act.

DISPOSITION OF PENALTIES: Sec. 7. All amounts recovered under the penalties herein provided shall be appropriated to a special fund for the carrying out of the object of this law.

COUNTY CLERKS TO KEEP REGISTERS AND RECORDS: Sec. 8. The county clerks of the several counties in the State shall be required to keep separate books for the registration of the names and post-office address of physicians and accoucheurs, for births, for marriages, and for deaths; said books shall always be open to inspection without fee; and said county clerks shall be required to render a full and complete report of all births, marriages and deaths to the Secretary of the BOARD OF HEALTH, annually, and at such other times as the BOARD may direct.

BOARD TO PREPARE FORMS FOR REPORTS: Sec. 9. It shall be the duty of the BOARD OF HEALTH to prepare such forms for the record of births, marriages and deaths as they may deem proper; the said forms to be furnished by the Secretary of said BOARD to the county clerks of the several counties, whose duty it shall be to furnish them to such persons as are herein required to make reports.

MEETINGS OF THE BOARD: Sec. 10. The first meeting of the BOARD shall be within fifteen days after their appointment, and thereafter in January and June of each year, and at such other times as the BOARD shall deem expedient. The meeting in January of each year shall be in Springfield. A majority shall constitute a quorum. They shall choose one of their number to be President, and they may adopt rules and by-laws for their government, subject to the provisions of this act.

OFFICERS AND COMPENSATION: Sec. 11. They shall elect a Secretary, who shall perform the duties prescribed by the BOARD and by this act; he shall receive a salary which shall be fixed by the BOARD; he shall also receive his traveling and other expenses incurred in the performance of his official duties. The other members of the BOARD shall receive no compensation for their services, but their traveling and other expenses, while employed on business of the BOARD, shall be paid. The President of the BOARD shall quarterly

certify the amount due the Secretary, and on presentation of his certificate, the Auditor of State shall draw his warrant on the Treasurer for the amount.

ANNUAL REPORT: Sec. 12. It shall be the duty of the BOARD OF HEALTH to make an annual report, through their Secretary or otherwise, in writing, to the Governor of this State, on or before the first day of January of each year, and such report shall include so much of the proceedings of the BOARD, and such information concerning vital statistics, such knowledge respecting diseases, and such instruction on the subject of hygiene, as may be thought useful by the BOARD for dissemination among the people, with such suggestions as to legislative action as they may deem necessary.

APPROPRIATION: Sec. 13. The sum of five thousand dollars ($5,000) or so much thereof as may be necessary, is hereby appropriated to pay the salary of the Secretary, meet the contingent expenses of the office of the Secretary, and the expenses of the BOARD, and all costs for printing, which, together, shall not exceed the sum hereby appropriated; said expenses shall be certified and paid in the same manner as the salary of the Secretary.

OFFICE ROOM: Sec. 14. The Secretary of State shall provide rooms suitable for the meetings of the BOARD, and office room for the Secretary.

CONCERNING PRACTITIONERS AND MODE OF PROCEDURE UNDER THE MEDICAL PRACTICE ACT.

UNDER the Act to regulate the Practice of Medicine in the State of Illinois, all persons practicing medicine in any of its departments are divided into two classes:—First, practitioners who had been practicing medicine ten or more years within the State, prior to July 1, 1877. Second, those who have been practicing medicine in the State for a period of time less than ten years, prior to July 1, 1877.

This second class is sub-divisible into two others—those who are practicing medicine, in any of its departments, who have neither a diploma nor license, and who are required by law to undergo examination by the STATE BOARD for its certificate entitling them to practice medicine and surgery in the State of Illinois. And, second, those who can furnish satisfactory proof of having received diplomas as graduates in medicine or licenses from legally-chartered medical institutions in *good standing*.

TO BE HELD IN GOOD STANDING in Illinois, colleges must comply with the following schedule of requirements. This schedule took effect at the close of the session of 1882-83. No diploma issued since that date, is accepted as the basis for a certificate, unless the diploma was issued in accordance with the schedule. *The only other mode of obtaining a certificate is through an examination by the* BOARD.

SCHEDULE OF REQUIREMENTS.

I. *Conditions of admission to lecture courses.*—1. Credible certificates of good moral standing. 2. Diplomas of graduation from a good literary and scientific college or high school, or a first-grade teacher's certificate. Or, lacking this—A thorough examination in the branches of a good English education, including mathematics, English composition, and elementary physics or natural philosophy.

II. *Branches of medical science to be included in the course of instruction.*—1. Anatomy. 2. Physiology. 3. Chemistry. 4. Materia Medica andTherapeutics. 5. Theory and Practice of Medicine. 6. Pathology. 7. Surgery. 8. Obstetrics and Gynecology. 9. Hygiene. 10. Medical Jurisprudence.

III. *Length of regular or graduating courses.*—1. The time occupied in the regular courses or sessions from which students are graduated shall not be less than five months, or twenty weeks, each. 2. Two full courses of lectures, not within one and the same year of time, shall be required for graduation with the degree of Doctor of Medicine.

IV. *Attendance and examinations or quizzes.*—1. Regular attendance during the entire lecture courses shall be required, allowance being made only for absences occasioned by the student's sickness, such absences not to exceed twenty per centum of the course. 2. Regular examinations or quizzes to be made by each lecturer or professor daily, or at least twice each week. 3. Final examinations on all branches to be conducted, when practicable, by competent examiners other than the professors in each branch.

V. *Dissections, clinics and hospital attendance.*—1. Each student shall have dissected during two courses. 2. Attendance during at least two terms of clinical and hospital instruction shall be required.

VI. *Time of professional studies.*—This shall not be less than three full years before graduation, including the time spent with a preceptor, and attendance upon lectures or at clinics and hospital.

VII. *Instruction.*—The college must show that it has a sufficient and competent corps of instructors, and the necessary facilities for teaching, dissections, clinics, etc.

Concerning the proviso by which physicians are exempted from the penalties of the Act, the Attorney General, J. K. Edsall, in an opinion dated November 9, 1877, says: "The proviso in question is in these words: '*Provided*, that the provisions of the Act shall not apply to those who have been practicing medicine ten years within the State.' I have no question that the effect of this proviso is to exempt all persons who fall within its terms, from the penalties imposed by the Act in question. But, considering the entire scope of the Act, I am of the opinion that the duty is incumbent upon your Board to ascertain, as far as practicable, the names of all those who are entitled to the benefits of that proviso; and that it is the duty of those who have thus practiced medicine ten years within the State to furnish you, on request, evidence of the fact by affidavit, or otherwise. Your Board may, with propriety, issue in return some proper certificate, which will show their right to practice under that proviso of the law."

It is the duty, therefore, as well as to the interest of all who claim exemption from the penalties of the Act, in consequence of the fact of their having practiced medicine in this State for ten years previous to July 1, 1877, and who have not procured certificates, to make affidavit concerning their period of practice, and file the same with the Board, thus establishing their status legally.

Section four of the State Board of Health Act requires that all physicians and midwives, without exception, practicing in this State, shall *register* their names and post office addresses with the county clerk of the county where they reside. This registration is addi-

tional to, and independent of, the *record* of the certificate issued by the BOARD, and is obligatory in each county into which the physician's or midwife's practice extends.

APPENDED is all needful information as to the course of procedure to be observed in applying for a State certificate and complying with the law.

1. APPLICATIONS FOR CERTIFICATES, ETC.: Applications for certificates, or for blank affidavits, should be made to the Secretary at Springfield. The county clerks are also furnished with blank affidavits, or may obtain the same on application to the Secretary.

A special form of affidavit has been prepared for those who have lost their diplomas by fire or otherwise, and may be had on application as above.

Diplomas or licenses for verification, and affidavits properly filled out and acknowledged, together with the necessary letters of recommendation and fees for certificates, should be sent to the Secretary.

For convenience, diplomas may be presented to any member of the BOARD for verification. In such case the affidavit should be endorsed "Diploma verified," with the signature of the member, before being forwarded to the Secretary.

2. DIPLOMA OR LICENSE TO BE PRESENTED FOR VERIFICATION: In regard to practitioners of medicine who have been practicing in this State less than ten years, the law requires that those who are graduates in medicine, or who have licenses from legally chartered medical institutions in good standing, must actually present for verification, to the STATE BOARD, their diplomas or licenses; and, in addition, such other satisfactory proofs as may be necessary. Graduates may present their diplomas or licenses and affidavits by letter or proxy.

3. AFFIDAVITS REQUIRED: Affidavit must be made that the person presenting the diploma, or license, is the lawful possessor of the same. The affidavit should state date and place of graduation, and name of medical college; length of practice in this State, as well as present place of residence.

4. FEE FOR CERTIFICATES: The fee for a certificate of graduation is fixed by law at one dollar.

5. EXAMINATION OF NON-GRADUATES: It is required by law that all persons practicing medicine less than ten years in any of its departments, who are not graduates in medicine or licentiates, shall be examined directly by the BOARD, which is authorized to issue certificates to those passing the examination.

6. APPLICATION FOR EXAMINATION: The candidate for examination must fill out a blank form, which may be obtained on application to the Secretary. This must be sent to the office of the BOARD, and, if approved, the candidate will be notified when and where to appear for examination.

7. FEE FOR EXAMINATION: Candidates for examination are required to pay a fee of five dollars, in advance—to be returned if the certificate be refused.

8. CHARACTER OF EXAMINATION: Examinations may be made, in whole or in part, in writing or orally; and shall be of an elementary

and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

9. EXAMINATIONS TO BE MADE IN PROPRIA PERSONA: Candidates for examination must present themselves in person before the BOARD. No examination papers can be sent out to individuals; and no examination can be limited to any one or two special topics, or branches of study or practice. The examinations will be conducted by the entire BOARD, and upon all branches usually taught in medical schools.

10. SCHOOLS OF PRACTICE IN EXAMINATION: Questions relating to special methods or forms of practice or therapeutics will be referred for examination to the various individual members of the BOARD, as may be indicated.

11. EXAMINATION IN A FOREIGN LANGUAGE: Those desiring to be examined in any other but the English language may, in the discretion of the BOARD, be examined through an interpreter, furnished at their own expense and approved by the BOARD.

12. NON-GRADUATES MUST HAVE STUDIED THREE YEARS: Candidates for examination must present evidence that they have studied medicine at least three years.

13. EVIDENCE OF MORAL AND PROFESSIONAL STANDING: All applicants for certificates, whether holding diplomas or not, are required to furnish satisfactory evidence of good moral and professional standing; such evidence (letters of recommendation,) to be filed in the office of the BOARD as part of the applicant's professional record.

14. CERTIFICATES TO BE RECORDED IN OFFICE OF COUNTY CLERK: Physicians are required to have *recorded*, in the office of the county clerk, the certificate which may be received from the STATE BOARD OF HEALTH; and in case of removal to another county in the State, to have the certificate recorded in that county also.

15. PHYSICIANS TO REGISTER IN EACH COUNTY: In case a physician practices in any other county than that in which he lives—he having recorded his certificate in his own county—it is not required that he have his certificate recorded in such other county or counties. He must, however, register his name in the county or counties in which his practice extends, and make his returns of births and deaths occurring in those counties to the respective county clerks. In cases of professional consultation only, with resident physicians, such registration is not required.

16. NON-RESIDENT PHYSICIANS PRACTICING IN THIS STATE, AMENABLE TO THE LAW: Physicians, residents of adjoining States, who practice in this State in counties adjoining the one in which they reside, are required to take out certificates of practice, as required of residents of this State. They must record the same in the office of the county clerk of the county or counties in which their practice extends; make returns of births and deaths in those counties to the county clerks, and in every respect conform to all the requirements of the law incumbent upon residents of this State.

17. CERTIFICATES TO EXEMPT GRADUATES: Certificates of graduation will be issued, upon payment of the usual fee, to graduates who have practiced medicine ten or more years in this State, with-

out their being required to send diploma to the BOARD for verification, upon their making an affidavit to that effect, at the same time giving name of college, place and date of graduation. It is not obligatory upon this class of practitioners to take out a certificate, but experience has shown the utility of such a step, in legal questions arising in practice, as well as in many matters involving the professional status of the practitioner.

18. CERTIFICATES TO EXEMPT NON-GRADUATES: Certificates will, when desired, be issued to non-graduates of ten or more years' practice in this State, on affidavit of such practice, supported by evidence of good standing in a medical society, or the recommendation of reputable professional or other men, who have known them during their term of practice.

Such certificates differ from those granted to graduates, and are issued in the discretion of the BOARD.

19. WHAT CONSTITUTES "TEN YEARS' PRACTICE:" It is not required that the ten years of practice in this State shall be consecutive years; but the sum total of practice in this State must amount to ten years before July 1, 1877. No allowance is made for the time spent in practice in any other State, or in service in the army or navy.

20. CHANGE OF LOCATION: It is important that when a change of location is made, it be promptly reported to the BOARD. Unless this is done, the Official Register will necessarily be incorrect.

21. PROFESSIONAL ACTS ILLEGAL PRIOR TO RECORD OF CERTIFICATE: No one belonging to the second class, as defined in the beginning of this section, has a right to practice until the certificate of the BOARD is placed upon record in the county in which the individual lives. All professional acts, prior to this being done, are illegal and render the delinquent liable to prosecution.

22. WHAT CONSTITUTES "PRACTICING MEDICINE" UNDER THE STATUTE: The eleventh section of the act to regulate the practice of medicine in the State of Illinois, approved May 29, 1877, contains the following: Any person shall be regarded as practicing medicine within the meaning of this act who shall append to his name the letters of "M. D."—[Laws of 1877, page 156, section 11.]

Independently of the statutory definition, the terms import and embrace the pursuit and vocation of one who holds himself out to the public as possessing the requisite skill to treat disease, and accordingly prescribes for or treats patients as a physician. [*Opinion of Attorney General Edsall, July 23, 1880.*

23. GRATUITOUS PRACTICE DOES NOT EXEMPT FROM THE LAW: If a person "practices medicine," as defined by the statute, without complying with the law, it is wholly immaterial whether he charges for his services or not. He is guilty of a violation of the law, and liable to prosecution. This, however, does not apply to gratuitous services rendered in a case of emergency by a non-qualified person.
